U. S. INTERVENTION SEEMS IMMINENT

This Country Will Shortly Take Step of Major Importance in Serious Situation Abroad

GEORGE HARVEY CALLED HOME

Ambassador to England Will Return to Washington For Consultation on European Crisis

(By United Press)

Washington, Dec. 15—American intervention in the European crisis is imminent.

The United States shortly will take a major step of far reaching importance in the serious situation abroad, the United Press was informed in a highly authoritative quarter today.

George Harvey, American ambassador to London, has been directly instructed by President Harding and Secretary Hughes to return to Washington for consultation on the European crisis.

An international conference in Washington, this one designated to bring about relief from the desperate economical situation in Europe, is a probability.

Talk of a big loan to Germany by private interests, Andrew Bonar Law's dark picture of the European situation and his statement that Great Britain can not pay her debt to the United States unless she receives money from Germany and other debtors, the threatened invasion of the rich Ruhr valley by France, the call of the British debt commission to discuss refunding of the war debt, Clemenceau's pleading for this country to return to Europe—all these have served to bring the situation to a climax.

London, Dec. 15—Ambassador George Harvey returns to Washington December 23 to advise and confer with President Harding regarding possible American intervention in Europe.

This was the understanding in London today following Harvey's announcement he had been called to Washington.

The American ambassador will sail on the Berengaria a week from tomorrow to report direct to the president at Washington upon the general reparations and economic situation. He will tell Mr. Harding of Anglo-French divergencies and confer on the subject of American intervention, based on the outcome of the premier's conference which is to be resumed at Paris January 2.

WOULD JOIN AMERICA IN OLD WORLD AFFAIRS

Business Committee of Federal Council of Churches of Christ Wants U. S. Participation

CHRISTIAN FAITH MENACED

(By United Press)

Indianapolis, Ind., Dec. 15—Protestant churches of America today came out flatly for American participation in the League of Nations international court of justice, now established at The Hague, and other old world affairs.

The business committee of the Federal Council of the Churches of Christ in America prepared recommendations for submission to the executive committee meeting tonight.

The recommendations urged the United States to find its proper place without delay, upon the humanitarian commission of the League of Nations. The foundation of the Christian faith is menaced by the mailed fist of war, the committee declared.

Dr. Robert L. Kelly, an educational leader in the council, declared the church must spread its influence into the class rooms.

"Certainly there must be no less emphasis on evangelism at home and abroad," he declared; "but the churches must learn to think and speak the language of education."

TO HEAD DOWNWARD TONIGHT

Mercury Expected to Touch Zero Following Drop Last Night

The mercury, which took a drop during the night, is to be headed downward again tonight, according to the weather report, which predicts a temperature around zero by morning. The mercury will fall tonight, according to the report, and will rise again Saturday, with cloudy weather.

The mercury Thursday evening stood around 40 degrees, and dropped during the night to 18. The lowest temperature expected tonight will range from 5 degrees below zero to 5 above zero, according to the report sent out at noon today.

RELAY BOXES LOCATED IN RESIDENCE SECTION

Large Mail Containers Stationed on Three Corners to Assist Carriers in Delivery

CHRISTMAS RUSH OPENS UP

Three large sized mail boxes have been placed in the residential portion of Rushville, for the purpose of relaying mail bags to the city carriers, on account of the heavy mail schedule. The boxes are located at Ninth and Main, Ninth and Harrison and Seventh and Sexton street. As the mail is heavier than can be handled at one time, a bag is relayed to these boxes for the carrier to pick up.

Although the boxes are primarily for the purpose stated above, yet they also can be used for letters by the public, and for parcels, provided that the sender places the right amount of postage on the package. Regular letter boxes are located on two of the corners, but people at Ninth and Main can use the large box for that purpose.

The Christmas business took a bound today, as evidenced by the heavy business at the postoffice. Many Christmas packages are being received, and a few people have started packages on their way from the local office. During the last week, extra help will be employed in the postoffice to handle the heavy deliveries, and to take care of the out-bound mail.

IMPEACHMENT CASE IS NEARING AN END

Spectacular Climax Expected Today When Rep. Keller, Author Of Charges Goes On Stand

LEAVES COMMITTEE IN HUFF

Washington, Dec. 15.—The impeachment proceedings against Attorney General Daugherty are near an end, in the opinion of observers today.

A spectacular climax was expected today when representative Keller, Republican Minn., was to be hailed before the house judiciary committee by official subpoena, placed under oath and a demand made that he divulge and evidence he has in support of his eleven untried specifications against the attorney general. Keller was served with a subpoena last night after he had flatly refused to go under oath voluntarily and had stamped out of the committee room, with his counsel, because the committee declined to let him make a statement. This statement, subsequently given to the press, charged the judiciary committee with being biased and intent upon white washing Attorney General Daugherty. Keller also made public a letter from Samuel Undermyer of New York attorney declaring that proceedings in the impeachment proceedings thus far have been "manifestly unfair".

The Minnesota Congressman was expected to refuse today to proceed with the introduction of testimony and to confer with the demand that the committee report out his resolutions recommending a final impeachment trial before the senate.

COUNTY TAXABLES SHOW A BIG LOSS

Reduction of \$12,617,620 in Assessments on Which Taxes Will be Paid in 1923

LOSS MOSTLY ON FARM LAND

Cut of Almost Twenty Percent Due to Drive Last Spring to Lower Farmers Assessments

Rush county will pay taxes in 1923 on property valued for taxation purposes at \$12,617,620 less than this year, according to a compilation of taxables for next year prepared at the county auditor's office.

The taxable property of Rush county is valued for next year at \$53,602,620 as compared with \$66,220,240, the net taxables on which taxes were paid this year.

This shows a reduction in assessed values of almost twenty percent. The cut was mostly on real estate in the country and therefore the reduced valuations are more noticeable in the townships than in Rushville city, where very little loss in taxable values is noted.

The net taxables, however, are higher than was anticipated because the aim of those who believed farm land to be assessed too high, was to cut the assessments of this class of real estate by one-fourth. The last real estate assessments were made four years ago, before the decline in war-bloated values began, and farmers felt that they were entitled to a reduction in the taxable values of their land.

The total taxables in 1920 were \$68,955,220, showing that the loss in two years in taxable values has amounted to more than \$14,000,000.

A comparison of assessments by taxable units for this year and last follow, but it should be kept in mind that the 1921 assessments were the basis for the tax rates in 1922 and the 1922 assessments are the basis for the 1923 rates:

THIRTY CANDIDATES MAKE THE PILGRIMAGE

Pilgrims Of Nahor Initiate Candidates From Milroy, Greensburg And Rushville

\$100 FOR ODD FELLOWS HOME

Thirty candidates made the pilgrimage here Thursday night and were initiated in the Pilgrims of Nahor most of the novitiates being from the Milroy vicinity, with three from Greensburg and two from Rushville.

The pilgrimage last night was also well attended by members of the order, and the annual collection for the Christmas fund was taken, which amounted to about \$100, and will be turned over to the state Odd Fellow home at Greensburg. Donations of fruit and other articles also were received for the Christmas offering.

Joseph Mills, Paul Glesson, Walter Richey and Forest Glidewell, received decorations of Knight of L'Emon for their generosity. Paul Glesson was the only one to achieve the distinction of a Nimrod.

The next meeting of the Nahors will be held after the holidays, when another large class is expected to make a pilgrimage.

DELUGE OF GIFTS SLACKEN UP SOME

Santa Claus is Not Downhearted by Any Means Because He Knows He Won't be Deserted

\$300 MARK IN SIGHT TODAY

Only Six or Seven More Opportunities to Help in Making Little Folks Happy at Christmas

Previously reported ----- \$277.86
Jean, Martha and Roy Baxter 5.00
Jack Epstein ----- 2.50
Salvation Army kettle ----- 9.73
Jane Marie Griesser ----- 2.00

Total ----- \$297.09

The deluge of contributions to the Daily Republican-Salvation Army Santa Claus fund slackened some today, but still there were enough to put the fund within hailing distance of \$300.00, which should be passed with ease Saturday.

Santa Claus was not quite so optimistic and his smiles were not quite so apparent as they have been for the past few days, but he is not pessimistic by any means because he knows that all those who have it in their heart to help him in his business of making others happy at Christmas time, have not yet made their gifts to this fund.

There are plenty of others who will give, he feels very certain of that, but he is not sure how long they will delay sending in their contribution. The time is slipping by so fast that those who expect to help will have to hurry.

There will be only six or seven more opportunities, and the total is not any way near what it amounted to last year. Kris Kringle would be very much disappointed if he did not have the wherewithall to do equally as much this year as he did at Christmas, 1921.

Any doubt about the need for Santa's visitations would be removed by a visit to some of the homes where members of the county board of children's guardians and Salvation Army workers have been in the past few days. They have found many wistful little faces that have brightened up at the mere mention of Santa Claus' name. They have great hopes and they have pinned their faith to him. For him to destroy it would be cruel. How well he is able to perform his task this year depends on the generosity of his friends in Rushville and vicinity.

ATTENDS A MEETING OF CITY EXECUTIVES

Mayor Walter R. Thomas at Conference to Discuss Proposed Changes in Indiana Laws

ONE AFFECTS LIQUOR STATUTE

Mayor Walter R. Thomas of this city was in Indianapolis today attending the meeting of the executives of several Indiana cities, who were asked to attend a conference to discuss proposed changes in laws, and to look over drafts of bills that will be placed before the general assembly in January.

Mayor Thomas and 97 other mayors were asked to attend the conference by officers of the Municipal League of Indiana, through its secretary, Frank J. Bates, who also is a member of the department of political science of Indiana University.

The proposed bills which will be discussed include one to make a minimum sentence of 30 days in jail upon conviction of a charge of violating the liquor laws, and it is expected that this change will be recommended.

Several other important measures which will affect the running of municipal plants, and other business affairs of a city, will be brought up for discussion at the session today.

COMPLAINT TO QUIET TITLE

Annie Oglesby Files Suit Against Edna And Rome Medley

A suit has been filed in the circuit court by Annie Oglesby against Edna Medley and Rome Medley, the complaint being to quiet the title of real estate, valued at over \$6,000 and located in Rushville, according to the complaint.

Business was quiet in the court today, and a few minor matters are set for trial Saturday.

The jury will be used Monday, and several times next week, as state cases will be heard almost every day. The first on Monday is against Gillespie, an alleged peddler, who is charged with false pretense in connection with the sale of his wares.

TOTAL OF 130 BABIES IN COUNTY EXAMINED

Center Township Children Visit State Workers At Mays Today—Lecture At Raleigh Tonight

RESPONSE IS EXCELLENT

A total of 130 babies in Rush county had been examined up until Thursday night in the Better Babies Conference which is being conducted in Rush county by the state health department, in connection with a general course on hygiene.

The examination of babies was held at Carthage Thursday, at which time 25 babies were brought in from Ripley township. The number of babies at Carthage was better than expected on account of the sudden change in weather.

The state officers moved on to Mays last night, where the public lecture and motion pictures were given at night, and today the children of Center township were being examined at the Presbyterian church in Mays.

The workers will visit Raleigh tonight for the lecture and the children of Washington township will be examined all day Saturday.

At every place in the county where the work has been held, many visitors have attended. Dr. Allen, who is in charge of the work, has given much valuable assistance to mothers and parents where defects have been found as the result of the work.

FIVE-ROOM HOUSE IN MILROY BURNS

Dwelling Destroyed By Fire This Afternoon At Loss of \$1,200—Nearby Houses Saved

HOUSEHOLD GOODS SAVED

A five room dwelling house occupied by Luther Land was destroyed by fire this afternoon shortly after one o'clock in Milroy, and the loss was estimated at \$1,200. A defective flue is attributed as the cause of the blaze.

The roof was on fire when discovered, and the hand pumper used by the town was put into service and did good work in saving nearby houses. The residence was located in the southeast portion of the town, and several houses around were on fire but were saved from destruction.

The household goods were removed from the burning home, and the loss is confined to the dwelling, which was owned by Frank Reardon, also of Milroy.

Word was received in Rushville of the fire and the local fire department was ready to answer any appeal for help, if the fire had got beyond control of the Milroy firemen.

WEATHER
Fair, colder tonight. Saturday, cloudy, warm.

MAN AND WOMAN HELD IN PROBE

Rosetta Ruby, 20, and Earl Koontz, 22, to be Questioned in Connection With Hatchet Murder

ARRESTED IN INDIANAPOLIS

Muncie Police Search in Tenderloin District for Persons Believed to be Implicated

(By United Press)

Indianapolis, Ind., Dec. 15—Rosetta Ruby, 20, and Earl Koontz, 22, were held by police today for questioning in connection with the hatchet murder of Mr. and Mrs. William G. Shaffer near Newcastle a week ago.

Arrested on statutory and vagrancy charges, the couple were to be grilled this afternoon. Their bonds were increased to \$5,000. Police said the girl's home was in Muncie and they understood she was acquainted with Mrs. Shaffer, who formerly lived there.

Muncie, Ind., Dec. 15—Down in the tenderloins of Muncie where the red light still burns, police and detectives searched today for two women and two men believed implicated in the hatchet murder of Bill Shaffer and his wife.

Sheriff Yost of Henry county and other investigators were convinced that somewhere in the sordid atmosphere of the underworld they would discover the slayers.

Following the clue that the two couples were seen to abandon an automobile stolen from Shaffer before dawn the morning of the murder, Sheriff Yost tried to uncover plots surrounding three possible motives:

1. Robbery. Diamonds valued at \$7,000 were missing and a diamond necklace lay abandoned in the Shaffer farm house when the crime was discovered a week after the actual slaying.

2. Revenge. Sale of property in the red light district of Muncie by Mrs. Shaffer to another woman some years ago has been the subject of litigation involving many friends of both women, since police closed the place and the purchaser failed to make payments.

3. Feudism. A narcotic ring is said to have existed in eastern Indiana with the Shaffer farm near Newcastle a possible distributing point. A quarrel in the ring or friction in booze conspiracy may have brought about the deaths.

Out of any one of these motives may come the solution of the murder.

Cincinnati, O., Dec. 15.—Whether a battered automobile, spattered with blood, found here last night, had any connection with the flight of Clara Phillips, escaped "Hammer Murder-ess", who broke jail at Los Angeles, was a question police sought to solve today.

The license tag had been removed but in a pocket of the car was found a registration certificate issued by the Willys Overland Pacific Company to "Walter Phillips, 1155 Wall Street Los Angeles."

There also was a driver's license issued September 21, 1921, to "Walter Phillips, 648 South Kohler Street Los Angeles."

Its number was 726,033.

PLANNING ANOTHER WAR

Andre Michelin Makes Charge Before German Leaders

Paris Dec. 15.—Germany is planning another war with a new and deadly poison gas that will penetrate any mask and specially designed airplanes, charged with liquids that will annihilate cities, Andre Michelin, speaking before a gathering of political and industrial leaders charged.
 Michelin raised a bogie of renewed warfare similar to that conjured up by Georges Clemenceau in the United States declaring German factories war, chief among which, outside of are busy turning out implements of poisons, would be special torpedo carrying planes.

HOW TO WIN:—Trust in the Lord, and do good; so shalt thou dwell in the land, and verily thou shalt be fed. Commit thy way unto the Lord; trust also in him; and he shall bring it to pass.—Psalm 37: 3, 5.

A Comparison

Tourists who have taken extensive automobile trips during the past season must have noted the big difference seen in the cities and towns through which they passed. Two communities may seem alike in size and advantages, yet the temper of the two places may vary widely.

In some a feeling of activity and energy is noticeable even to the casual observer. The quick step of the people upon the street, their earnest and attentive manner, suggest a

community of achievement and advance.

Other towns are pervaded by a more listless feeling. Many loafers are seen on benches and others decorate the curbstones. Business men would be standing in their doorways, lazily observing the traffic as it passed. In the stores clerks would be idly gossiping. Many knots of people would be exchanging sidewalk gossip. Probably a lot of these easy going people would say that the constitution of the world is wrong, and that adverse conditions are responsible for their disappointments in life. They would complain of the unprogressiveness of their home towns. Yet if some one asked them to serve on a committee to give their sleepy old burg a boost, they would be likely to say that they had no time for such efforts.

A more active man placed in such a community would see plenty of opportunity for development. If he owned a business he would be studying up new ways of pushing it, examining advertising methods that had gained results elsewhere, or he would be rooting around in the back country trying to draw trade now going elsewhere. If he was a clerk or mechanic, he would use these unfilled chinks of his time to improve his business or trade equipment, enlarge his information about his calling, or develop his home place.

The success of a man or a community depends largely on whether these spare moments are filled with purposeful effort, or are given up to aimless loafing.

Christmas Buying

You will be spending some money this Christmas—perhaps a considerable amount. We all do.

If you spent it with our home merchants at least a portion of it may find its way back into your own pockets. It often does.

If it is spent outside of our community you will never see it again. They never do.

Since you are possessed of at least an ordinary amount of brains, which appeals to you?

THREE SPECIAL CARS TO BRING DELEGATION

Many Connersville People Without Tickets Coming For Basketball Game Here Tonight

DOORS WILL OPEN AT 6:15

Connersville high school basketball fans and players, numbering over 150, will invade Rushville tonight on three special I. & C. traction cars, according to word from that city, and the delegation will arrive here about six o'clock.

The first and second teams of the two schools will meet tonight in their annual clash, and this contest is always one of the biggest affairs for each team. Coach Jones has his Scarlet players in fine trim, and he expects to chalk up a victory with the second and first teams.

Connersville was allotted 150 tickets, upon promise that when Rushville plays in that city in January, that they would reserve that many for the local fans. The 150 tickets were sold in a hurry over there, and at least 100 more people from that city will come and line-up at the east door for admission with Rushville people. Only tickets will be taken at the west door.

The doors will open at 6:15 for the game tonight, and also for Saturday night, when the Milroy high school first and second teams will come here for a game. This contest also is expected to fill the gymnasium to capacity, as the locals will try hard to get revenge for the 21 to 20 defeat given them in the first game of the season.

I. U. BASKET TEAM IS GETTING IN BIG SHAPE

Seven Last Year's Players are Back in Line, Furnishing Good Material For Starter

FIRST GAME ON THURSDAY

Bloomington, Ind., Dec. 15—With seven letter men back from last year's basketball team, the Indiana University squad opened the season's schedule here Thursday night when the Indiana Central College quintet from Indianapolis ring up the curtain.

Capt. Bahr, forward, Crowe, guard, Coffey, center, Sanford, Sloate, Alldridge and ex-capt. Thomas are the "I" men who are trying out for places on the team. All these men have junior standing in the university except Thomas, who is playing his last year. Thomas, Sloate and Alldridge were on the varsity football squad and did not report for the net game until the gridiron season closed.

From last year's freshman squad, the coach will have Parker, all-state high school center who stands 6 feet 5 inches; Nykos, all-state forward; Harvey, center, and Yhones, a crack guard on the "rhinie" five last year.

George W. Levis, ex-university of Wisconsin star, who has coached the team the past three seasons, gave up his work at the university last week after drilling the basketballers up to that time. Levis quit to become associated with a factory firm here. The athletic board is now after a new coach and will have him here in time to take charge next Monday. Indiana's first conference game is with Wisconsin here Jan. 6. Under rules of the "Big Ten" only 15 games are allowed each conference five.

AWARDED SWEATERS

Albert Ross Jinks, a graduate of the New Salem high school, and Ralph Hill, a graduate of Webb's school, have been awarded sweaters at the Hanover college, for their activities on the football squad during the past season. The sweaters are white with blue initials on them. They were chosen as substitutes for the first squad and participated in the game between Hanover College and the Indianapolis Pharmacy college.

DISPLAYS CHRISTMAS CARDS

Miss Mae Gray, daughter of Mrs. Flora Gray, formerly of this city, who is now attending college at Champaign, Illinois, has a display of hand colored Christmas cards at Hargrove and Mullins' drug store. Miss Gray has been taking art at several colleges for several years.

SPORTS FOR THE WINTER

Wrestling Indoor Track

Pity Poor B. B. Magnates!

By HENRY L. FARRELL (United Press Sports Editor)

New York, Dec. 15—After their usual session of gas and oratory, the major league club owners can dig back in for the rest of the season and tune their ears for the music of the 1923 turnstile.

The magnates take themselves and their heavy sessions and conferences very seriously and it's well they do. Very few others are interested. As long as they leave the game alone they can't damage it very much.

Charles Ebbets, owner of the Brooklyn ball club, is to sail for Europe shortly and he won't be back until it is time to go to Florida for the late winter season. Tough life! Ebbets says the ball players are being paid so much money that the club owners cannot profit.

The only ball players away from home soil that can be recalled off-hand are the major leaguers touring the Orient and the Japanese government is paying their expenses.

Because of some dispute over European middleweight and bantamweight championships, the British Board of Boxing Control has withdrawn from the International Boxing Union.

France resented the withdrawal on the grounds that even with the support of the United States the Union could not function without the British.

America's entry into the union could not help the international body, according to one of the London States cannot govern boxing in her

papers, which added—"The United own land. How could she then be expected to introduce order and harmony into the continental sphere?"

While the United States might not be able to produce harmony in Europe, yet it's a cinch that Uncle Sam could produce some order in any disputes about championships. All the trusty Uncle would have to do would be to send some good boy over and let him knock out both of the debaters and restore order.

Some cold night this winter, figure this out:

Syracuse beat Nebraska, Nebraska beat Notre Dame, Notre Dame beat Georgia Tech, Navy beat Georgia Tech, Pennsylvania beat the Navy, Pittsburgh beat Pennsylvania, Lafayette beat Pittsburgh, Washington and Jefferson beat Lafayette, Detroit beat Washington and Jefferson, Springfield beat Detroit, West Point beat Springfield, Notre Dame tied the Army, the Army tied Yale, Yale lost to Iowa, Princeton and Harvard. What does that make Columbia and who won the series?

Gene Tunney, former American light heavyweight title holder and the champion of the A. E. F., seems to be developing a fighting spirit. That's all he needs to reach the top. While his courage was never questioned, in the early part of his career he did not seem to possess the instinct or the desire to finish any opponent. Tunney probably will never get any heavier than a cruiser, or he would be a dangerous man for Dempsey some day in the future.

Notre Dame went through a sche-

dule this year that was arranged last year when the South Bend university expected to have one of the greatest teams of all times this season. Most of the stars went out on an "outlaw" expedition and Notre Dame came out of it with a whale of a schedule and a minnow of a team.

Considering the material he had and the short time to develop it Knute Rockne did wonders in putting out an eleven that lost only one game to the champion team of the Missouri Valley conference, held the greatest Army team of years to a scoreless tie, beat Georgia Tech, Indiana, Butler and Carnegie Tech and had its goal line crossed only once.

That team was composed almost entirely of sophomores. It might be a good team in 1924 with two more years under the belts of the youngsters.

ARLINGTON VICTOR IN A CLOSE ROUGH GAME

Athletic Club Defeats Shelbyville Commercial Thursday Night at Arlington, 29 to 27

NECK AND NECK ALL THE WAY

The Arlington Athletic clubs' basketball team defeated the Shelbyville Commercial at Arlington Thursday evening, 29 to 27, in a close and hard fought game, and the Junior A. C.s won from the Rushville Shamrocks in a curtain raiser, 33 to 6.

The main attraction of the evening was neck and neck all the way, the first half ending 11 to 9 in favor of Arlington. The game was tied at 27 all with one minute to go when Beasley caged a goal just before the gun went off and sewed up the contest for the Arlington aggregation.

The game was rougher than usual, the visitors starting in very rough. Tillison of Arlington showed a lot of class, scoring seven field goals, and Harley of Shelbyville was the visitor's best bet, making most of their points. It was a well earned victory for Arlington as great rivalry exists between the two teams. It was the third straight win for the A. C.s.

The opener was the cleanest game of the two. The Shamrocks did not make a field goal, scoring all of their points on foul goals, but the contest was closer than the score indicated. The Shamrocks fought hard all the way.

Arlington will meet the Fairview Independents at Arlington next Thursday night.

LAST PERFORMANCE GIVEN

"The Fire Prince" Heard By Another Appreciative Audience

The second and last performance of "The Fire Prince" was given Thursday evening before an appreciative audience at the Graham Annex auditorium. The amount that was cleared for the music department of the Rushville public schools could not be determined today as all of the expenses were not known.

Miss Marian Lucas, as Rosa, daughter of the Spanish ambassador, made a splendid impression again last night, both with her singing and acting, and the other leading parts were also well presented by members of the boys' and girls' high school glee clubs, who gave the operetta.

MAN AND WOMAN HELD IN PROBE

Continued from Page One
der mystery of Honey Creek farm. Little Billy Huffstickle, the child victim of the double slaying who was shut in the death house five days and five nights without heat, with very little water and sharing a piece of apple pie and a glass of jelly with his poodle dog, was recovering from the tortures he endured with his childish faith, not knowing what had transpired. It was Billy who first implicated a woman in the case and any one arrested may be brought before him for identification. He told his mother here of a woman being in the house after the murder. Billy was a nephew of Mrs. Shaffer.

HOUSE FILLED WITH SMOKE

Fire Department Called to D. H. Dean Home—No Damage Results

The fire department was called Thursday night shortly after nine o'clock to the residence of Dr. D. H. Dean, 515 North Main street, but no damage resulted. A box, which was placed near the furnace in the basement, was on fire, and filled the house with smoke. In order to be on the safe side, it is always best to notify the department in such cases, as a serious fire may often be averted if investigated early, firemen say. The run last night was the second one for the day, as a defective flue had called the department in the morning to the residence of W. C. Ketchum, 806 North Sexton street.

DIE AT HANDS OF UNKNOWN ASSASSIN

Mrs. Anna Cataldo, 30, And Fred, 9, Stabbed To Death At Coney Island Home Early Today

HOUSE THEN SET ON FIRE

(By United Press)
New York Dec. 15.—Mrs. Anna Cataldo, 30, and her son Fred, 9, were murdered at their Stilwell home, Coney Island early today by unknown assassin or assassins who stabbed them to death and then set fire to the house, according to police reports. Bodies of the two were discovered on the kitchen floor when firemen answering an alarm found the place enveloped in flames.

Gas from jets, that apparently been purposely opened by a fiend, fed the fire. The room was in disorder as though the woman had put up a desperate battle for her life and that of her small son. Police who immediately started investigation declared they possessed "important clues."

Primitive Baptist Church
Elder S. J. West, of Whitestown, will preach at this church Saturday night at 7 o'clock and Sunday morning at 10:30 o'clock.

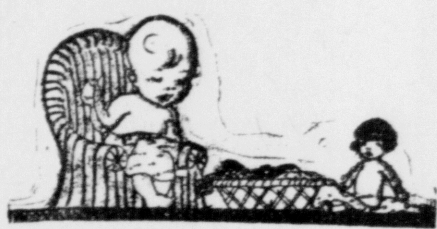

100 WAYS To Make Money

By BILLY WINNER

If I Had Some Scraps—
I MEAN pieces and ends of cloth, silk, gingham, velvet, and kind of cloth—such as many women have stored away in a box or bag.

I would make money out of these odds and ends by sewing them into doll dresses which I would sell through The Daily Republican Want Ads. I know these could be sold because one woman HAS done this very thing. If one woman can sell doll dresses by means of Want Ads, and make a nice profit (over \$50), other women can do the same thing.

I would look around for my scraps right away so I could get busy without delay. I would insert my Want Ad in The Daily Republican early, too, so that inquiries would be coming in by the time I finished the first dress.

ARMY OFFICER SOUGHT ON CHARGE OF BIGAMY

Captain Charles Pike "Kidnapped" In Chicago And Spirited Across Line Into Indiana

FIRST MARRIAGE COMMON LAW

Chicago, December 15.—After being "kidnapped" from his bride of a month, Captain Charles Pike, army medical corps, was held "somewhere in Indiana" today charged with bigamy.

Pike was taken into custody last night by three men who rushed him from the lobby of his apartment to a waiting automobile and spirited him across the Indiana line.

Mrs. Pike notified police who immediately started search for the captain. It was not until several hours later they learned a warrant for his arrest was issued at Crown Point, Ind.

According to police, Pike was married by a common law contract in Philadelphia several years ago. Pike is said to have learned that the Philadelphia marriage was not valid in that state.

Mrs. Pike's father, Attorney Louis A. Heile, opposed the marriage of his daughter to Pike. They finally eloped and were married in Crown Point. Several weeks later he was called before the public health service "investigating committee," charged with "bigamy and conduct unbecoming to an officer."

Police asserted that Pike's alleged first wife went to Crown Point and swore to the warrant for his arrest. It is believed he will be arraigned in Crown Point today although his whereabouts were kept secret.

Scores Of Women Questioned In Connection With Murder Of Fred W. Keck Clothing Man

HE WANTED TO BE A SHIEK

(By United Press)

Chicago, Dec. 15.—Scores of women were questioned today by detectives investigating the mysterious murder of Fred W. Keck "the man who wanted to be a shiek."

Keck was shot to death in his second hand clothing store here.

Hundreds of letters from women, a notebook full of addresses and telephone numbers and scores of cards were found in the man's pockets.

Keck was at one time wealthy. He owned a string of hotels and was commodore of the Muscatine, Ia., boat club.

Miss Anna Carleson told police that she lived with him for 18 years as his wife but finally left him when she realized his infatuation for scores of women.

"He lost everything he had because he had too many women on his string," she said.

AMUSEMENTS

Big Cast At Mystic

There are many beautiful girls in "The Isle of Love," which is being shown at the Mystic today as in the average Mack Sennett comedy—and that's saying something. Moreover it might be remarked that the girls in "The Isle of Love" are just as pretty and just as well (?) dressed as are the Mack Sennett beauties. But the bathing girls are only an incident. "The Isle of Love," which co-stars Julian Eltinge and Rodolph Valentino is a melange of romance, melodrama, and satire which fairly makes one's head swim. The titles are loaded with laughs from the first to the last. Both Eltinge and Valentino do the things the public has every right to expect them to do. Eltinge wears both pants and petticoats and Valentino makes love in splendid fashion.

Alice Brady At Princess

Alice Brady fills six different jobs in her latest Paramount production, "Anna Ascends," which will be shown at the Princess today and Saturday. In this picture Miss Brady is seen as a waitress in a New York coffee house, a factory girl, a shop girl, a printers apprentice, stenographer and an author.

The popular star of stage and

screen, is quite a capable person, and it was not that she was fired from the jobs one after another which accounted for her versatile employment. There was an unscrupulous Russian baron after her, who might have done her bodily injury. She was forced to use a knife on the baron. He didn't like this because it put him out of running for awhile in the plot to smuggle a shipment of Russian Royalist jewels into the U. S. A.

Anna Ayyob, the Syrian girl played by Miss Brady, finds her various jobs very interesting. As a waitress she encounters romance, for she meets the man with whom she falls in love and becomes involved in exciting adventure resulting from the plot of the smugglers. It is because of this that she is obliged to find successive jobs in order to keep hidden from the baron and his companions. Then too she has quite a job foiling the baron in his efforts to win the sister of her lover.

There are several important parts in this picture, and it was necessary to secure such players as Robert Ellis David Powell and Nita Naldi. With such an array as this, the remainder of the cast has been chosen accordingly, which speaks for the quality of the production.

SAYS GERMANY IS NEAR A COLLAPSE

Premier Bonar Law in Speech Declares That Allies Must be Careful With Demands for Money

MIGHT CAUSE COMPLETE FALL

London, Dec. 15.—The standard of living for a generation would be lowered if Germany cancelled reparations and allied debts due her and simultaneously paid the United States, Premier Bonar Law declared in the house of commons Thursday.

In a statement to the house on reparations, the premier declared Germany is near complete collapse and that the allies must be careful that their demands do not precipitate a crash.

Bonar Law urged caution as far as occupation of the Ruhr was concerned.

"We can not look upon any action, the effect of which will not produce reparations but make it more difficult, even impossible, to obtain them," he said.

He declared there was no hope of solution unless France and England acted together. The premier declared it was impossible for England to pay the United States if reparations and allied debt to Great Britain were to be cancelled.

GIVES REASONS FOR BIG DIVIDEND SPLIT

Standard Oil Company President Gives Testimony On The Subject Before Senate Committee

CAPITAL WAS NOT SUFFICIENT

By PAUL R. MALLON
(U. P. Staff Correspondent)

Washington, Dec. 15.—Defense of the big mellon cutting by the Standard Oil Company of New Jersey was made before the senate committee investigating gasoline prices by Wm. Teagle, president of the company.

Teagle testified the declaration of huge dividends on three separate occasions.

1—An equalization of the outstanding stock with the net value of the company was necessary because Standard Oil "always has been under capitalized."

2—It was practical to effect a wider distribution of the common stock while the market value of the shares was high.

3—An increase in the outstanding stock was necessary to enable the company to complete further financing.

Teagle said these were the "sole considerations" which tempted the move.

Next time bake bread with ZEPHYR

YOU'LL be delighted with the experience, from the time you dip the first heaping measureful of snowy-white flour until the rich golden-brown loaves come steaming from the oven.

My, how the folks will eat! For bread that's made with Zephyr Flour has a wholesome goodness that whets the appe-

tite and sends the bread-plate back for more and more.

For rolls and biscuits, for pies and cakes too, Zephyr can be depended upon to give a new and richer flavor. The few cents additional which a sack of Zephyr costs is more than offset by the economy and quality of the baking. That's why we say—

Perfect Regulation-- Positive Lubrication

THE PERFECT CIRCLE Oil Regulating Piston Ring has an annular groove turned on the face of the ring, midway between the edges. At equal intervals in this groove, slots are milled through to the inner surface of the ring. The groove, which is turned on the surface, collects the oil from the cylinder wall and, as the groove fills, the surplus is drained away through the slots. The oil that is thus collected behind the ring is drained back into the crank case by means of holes drilled through the inner wall of the ring groove. The superiority of the PERFECT CIRCLE Oil-Regulating Ring is due to its double function. First, it regulates lubrication by returning surplus oil to the crank case. Second, it provides positive lubrication of the cylinder wall. The use of PERFECT CIRCLE Oil-Regulating Rings reduces oil consumption to a minimum, thereby eliminating the evil of fouled spark plugs and carbon deposits. Only one Oil-Regulating Ring is used to a piston.

AUTO THEFT RING IS FOUND NEAR BRAZIL

Three Men Will Stand Trial As Result of Finding Stolen Engines Buried On A Farm

CONFESSION LEADS TO ARREST

Brazil, Ind. Dec. 15.—Officials here believed today they had broken an automobile theft ring with the arrest of Elmer and Myron Meyers, of Patricksburg, and Zekial Padgett of near Terr Haute.

The three men were arrested six weeks ago and released on \$4,000 bond each after the officers found an automobile in their possession, the body of which was said to have been stolen from Elza Light of near Gas City. Light was unable to identify the engine and the case against the three men was about to be dropped for lack of evidence when officers are said to have procured a confession from Samuel Holmes, 15, a nephew of Padgett which enabled them to unearth two automobile engines buried on a farm near St. Marys.

The engines were said to belong to Elza Light and Rose Leachman of near Clay City, stolen some time ago.

As a result of the discovery, the three men will be placed on trial in circuit court here December 27.

SELL FARM PRODUCTS IS CHRISTIE'S PLEA

Purdue Expert Says Indiana Products Should Be Sold For Cash, Making Wide Distribution

CITES WESTERN EXAMPLE

Plymouth, Ind., Dec. 15.—Indiana farm products must be advertised and sold for money, Professor G. I. Christie, director of the agriculture experiment station at Purdue University, declared at the Northern Indiana Community Conference here.

"Business men must assist in advertising. 'This is what I learned on my trip to California. Get the money into the community. It will then flow through stores, banks and other institutions, while the community will prosper."

"The farm bureau should be developed and should have the support of all the people. Prosperous agriculture means better towns, churches and community life."

George H. Mosser, secretary of the Indiana State Chamber of Commerce speaking this afternoon, declared that business men must study the needs of the farmer and meet them, "not only in dollars but in the human element in their relations."

CHICAGO PLANS NEW RIGID HEALTH LAW

Embodies Penitentiary Sentence For Persons Who Willfully Spreads Contagious Disease

FOOD LAW IS INCLUDED

Chicago, Dec. 15.—One of the most sweeping health laws in the country was prepared by the Chicago health department today for submission to the next session of the state legislature.

The proposed law will send to penitentiary any person who "knowingly or willfully communicates a disease" to another person.

Health Commissioner Charles E. Bundeson declared the law would mark a new era in disease control.

It is aimed primarily at so-called "carriers" who communicate disease to others who refuse to obey quarantine orders of the health department.

Bundeson said it would also apply to restaurant proprietors who serve tainted food which causes potomac poisoning.

Ambassador to England Will Return
to Washington For Consultation
on European Crisis

(By United Press)

Washington, Dec. 15—American
intervention in the European crisis
is imminent.The United States shortly will take
a major step of far reaching import-
ance in the serious situation abroad,
the United Press was informed in a
highly authoritative quarter today.George Harvey, American ambas-
sador to London, has been directly
instructed by President Harding and
Secretary Hughes to return to
Washington for consultation on the
European crisis.An international conference in
Washington, this one designated to
bring about relief from the desper-
ate economical situation in Europe,
is a probability.Talk of a big loan to Germany by
private interests, Andrew Bonar
Law's dark picture of the European
situation and his statement that
Great Britain can not pay her debt
to the United States unless she re-
ceives money from Germany and
other debtors, the threatened inva-
sion of the rich Ruhr valley by
France, the call of the British debt
commission to discuss refunding of
the war debt, Clemenceau's pleading
for this country to return to Euro-
pe—all these have served to bring
the situation to a climax.London, Dec. 15—Ambassador
George Harvey returns to Washing-
ton December 23 to advise and con-
fer with President Harding regard-
ing possible American intervention
in Europe.This was the understanding in
London today following Harvey's
announcement he had been called

sail on the Beregaria a week from
tomorrow to report direct to the
president at Washington upon the

CHRISTIAN FAITH MENACED

(By United Press)

Indianapolis, Ind., Dec. 15—Pro-
testant churches of America today
came out flatly for American partici-
pation in the League of Nations
international court of justice, now
established at The Hague, and other
old world affairs.The business committee of the
Federal Council of the Churches of
Christ in America prepared recom-
mendations for submission to the
executive committee meeting tonight.The recommendations urged the
United States to find its proper
place without delay, upon the hu-
manitarian commission of the
League of Nations. The foundation
of the Christian faith is menaced by
the mailed fist of war, the committee
declared.Dr. Robert L. Kelly, an education-
al leader in the council, declared
the church must spread its influence
into the class rooms."Certainly there must be no less
emphasis on evangelism at home and
abroad," he declared; "but the
churches must learn to think and
speak the language of education.

CHRISTMAS RUSH OPENS UP

Three large sized mail boxes have
been placed in the residential por-
tion of Rushville, for the purpose of
relaying mail bags to the city car-
riers, on account of the heavy mail
schedule. The boxes are located at
Ninth and Main, Ninth and Harrison
and Seventh and Sexton street. As
the mail is heavier than can be han-
dled at one time, a bag is relayed
to these boxes for the carrier to
pick up.Although the boxes are primarily
for the purpose stated above, yet
they also can be used for letters by
the public, and for parcels, provided
that the sender places the right
amount of postage on the package.
Regular letter boxes are located on
two of the corners, but people at
Ninth and Main can use the large
box for that purpose.The Christmas business took a
bound today, as evidenced by the
heavy business at the postoffice.
Many Christmas packages are being
received, and a few people have
started packages on their way from
the local office. During the last week,
extra help will be employed in the
postoffice to handle the heavy deliv-
eries, and to take care of the out-
bound mail.IMPEACHMENT CASE
IS NEARING AN ENDSpectacular Climax Expected Today
When Rep. Keller, Author Of
Charges Goes On Stand

LEAVES COMMITTEE IN HUFF

Washington, Dec. 15.—The im-
peachment proceedings against At-
torney General Daugherty are near
an end, in the opinion of observers
today.A spectacular climax was expected
today when representative Keller,
Republican Minn., was to be hailed
before the house judiciary committee
by official subpoena, placed under
oath and a demand made that he
divulge and evidence he has in sup-
port of his eleven untried specifica-
tions against the attorney general.
Keller was served with a subpoena
last night after he had flatly refused
to go under oath voluntarily and had
stamped out of the committee room,
with his counsel, because the com-
mittee declined to let him make a
statement. This statement, subse-
quently given to the press, charged the
judiciary committee with being bi-
ased and intent upon white washing
Attorney General Daugherty. Keller
also made public a letter from Samuel
Untermeyer of New York attorney
declaring that proceedings in the im-
peachment proceedings thus far have
been "manifestly unfair".The Minnesota Congressman was
expected to refuse today to proceed
with the introduction of testimony
and to confer with the demand that
the committee report out his resolu-
tions recommending a final impeach-
ment trial before the senate.COUNTY TAXABLES
SHOW A BIG LOSSReduction of \$12,617,620 in Assess-
ments on Which Taxes Will be
Paid in 1923

LOSS MOSTLY ON FARM LAND

Cut of Almost Twenty Percent Due
to Drive Last Spring to Lower
Farmers AssessmentsRush county will pay taxes in
1923 on property valued for taxa-
tion purposes at \$12,617,620 less
than this year, according to a com-
pilation of taxables for next year
prepared at the county auditor's of-
fice.The taxable property of Rush
county is valued for next year at
\$53,602,620 as compared with \$66,
220,240, the net taxables on which
taxes were paid this year.This shows a reduction in as-
sessed values of almost twenty per-
cent. The cut was mostly on real es-
tate in the country and therefore the
reduced valuations are more notice-
able in the townships than in Rush-
ville city, where very little loss in
taxable values is noted.The net taxables, however, are
higher than was anticipated because
the aim of those who believed farm
land to be assessed too high, was
to cut the assessments of this class
of real estate by one-fourth. The
last real estate assessments were
made four years ago, before the de-
cline in war-bloated values began,
and farmers felt that they were en-
titled to a reduction in the taxable
values of their land.The total taxables in 1920 were
\$68,955,220, showing that the loss
in two years in taxable values has
amounted to more than \$14,000,000.A comparison of assessments by
taxable units for this year and last
follow, but it should be kept in mind
that the 1921 assessments were the
basis for the tax rates in 1922 and
the 1922 assessments are the basis
for the 1923 rates:

The deluge of contributions to the
Daily Republican-Salvation Army
Santa Claus fund slackened some
today, but still there were enough to
put the fund within hailing distance
of \$300.00, which should be passed
with ease Saturday.Santa Claus was not quite so op-
timistic and his smiles were not quite
so apparent as they have been for
the past few days, but he is not pes-
simistic by any means because he
knows that all those who have it in
their heart to help him in his busi-
ness of making others happy at
Christmas time, have not yet made
their gifts to this fund.There are plenty of others who
will give, he feels very certain of
that, but he is not sure how long
they will delay sending in their con-
tribution. The time is slipping by
so fast that those who expect to
help will have to hurry.There will be only six or seven
more opportunities, and the total is
not any way near what it amounted
to last year. Kris Kringle would be
very much disappointed if he did
not have the wherewithall to do
equally as much this year as he did
at Christmas, 1921.Any doubt about the need for
Santa's visitations would be re-
moved by a visit to some of the
homes where members of the county
board of children's guardians and
Salvation Army workers have been
in the past few days. They have
found many wistful little faces that
have brightened up at the mere men-
tion of Santa Claus' name. They
have great hopes and they have
pinned their faith to him. For him
to destroy it would be cruel. How
well he is able to perform his task
this year depends on the generosity
of his friends in Rushville and vicin-
ity.ATTENDS A MEETING

Mayor Walter R. Thomas of this

tending the meeting of the execu-
tives of several Indiana cities, who
were asked to attend a conference to
discuss proposed changes in laws,
and to look over drafts of bills
that will be placed before the general

ors were asked to attend the confer-
ence by officers of the Municipal
League of Indiana, through its sec-
retary, Frank J. Bates, who also is
a member of the department of polit-
ical science of Indiana University.The proposed bills which will be
discussed include one to make a
minimum sentence of 30 days in jail
upon conviction of a charge of vio-
lating the liquor laws, and it is ex-
pected that this change will be re-
commended.Several other important measures
which will affect the running of mu-
nicipal plants, and other business
affairs of a city, will be brought up
for discussion at the session today.

RESPONSE IS EXCELLENT

A total of 130 babies in Rush
county had been examined up until
Thursday night in the Better Babies
Conference which is being conducted
in Rush county by the state health
department, in connection with a
general course on hygiene.The examination of babies was
held at Carthage Thursday, at which
time 25 babies were brought in from
Ripley township. The number of
babies at Carthage was better than
expected on account of the sudden
change in weather.The state officers moved on to
Mays last night, where the public
lecture and motion pictures were
given at night, and today the chil-
dren of Center township were being
examined at the Presbyterian church
in Mays.The workers will visit Raleigh to-
night for the lecture and the chil-
dren of Washington township will be
examined all day Saturday.At every place in the county where
the work has been held, many visitors
have attended, Dr. Allen, who is in
charge of the work, has given much
valuable assistance to mothers and

HOUSEHOLD GOODS SAVED

A five room dwelling house oc-
cupied by Luther Land was destroy-
ed by fire this afternoon shortly after
one o'clock in Milroy, and the loss
was estimated at \$1,200. A defect-
ive flue is attributed as the cause of
the blaze.The roof was on fire when discov-
ered, and the hand pumper used by
the town was put into service and
did good work in saving nearby
houses. The residence was located in
the southeast portion of the town,
and several houses around were on
fire but were saved from destruction.The household goods were re-
moved from the burning home, and
the loss is confined to the dwelling,
which was owned by Frank Reardon,
also of Milroy.Word was received in Rushville of
the fire and the local fire department
was ready to answer any appeal for
help, if the fire had got beyond con-
trol of the Milroy firemen.MAN AND WOMAN

Muncie Police Search in Tenderloin

be Implicated

(By United Press)

Indianapolis, Ind., Dec. 15—Ros-
setta Ruby, 20, and Earl Koontz, 22,
were held by police today for ques-
tioning in connection with the hat-
chet murder of Mr. and Mrs. Wil-
liam G. Shaffer near Newcastle a
week ago.Arrested on statutory and vag-
rancy charges, the couple were to be
grilled this afternoon. Their bonds
were increased to \$5,000. Police said
the girl's home was in Muncie and
they understood she was acquainted
with Mrs. Shaffer, who formerly
lived there.Muncie, Ind., Dec. 15—Down in
the tenderloins of Muncie where the
red light still burns, police and de-
tectives searched today for two wo-
men and two men believed implicat-
ed in the hatchet murder of Bill
Shaffer and his wife.Sheriff Yost of Henry county and
other investigators were convinced
that somewhere in the sordid atmos-
phere of the underworld they would
discover the slayers.Following the clue that the two
couples were seen to abandon an
automobile stolen from Shaffer be-
fore dawn the morning of the mur-
der, Sheriff Yost tried to uncover
plots surrounding three possible mo-
tives:1. Robbery. Diamonds valued at
\$7,000 were missing and a diamond
necklace lay abandoned in the Sha-
ffer farm house when the crime was
discovered a week after the actual
slaying.2. Revenge. Sale of property in
the red light district of Muncie by
Mrs. Shaffer to another woman some
years ago has been the subject of
litigation involving many friends of
both women, since police closed the
place and the purchaser failed to
make payments.3. Feudism. A narcotic ring is
said to have existed in eastern In-
diana with the Shaffer farm near
Newcastle a possible distributing
point. A quarrel in the ring or fric-
tion in booze conspiracy may have
brought about the deaths.Out of any one of these motives
may come the solution of the mur-
der. Continued on Page SixMRS. SARAH M. AUGUR

Many Connersville People Without Tickets Coming For Basketball Game Here Tonight

DOORS WILL OPEN AT 6:15

Connersville high school basketball fans and players, numbering over 150, will invade Rushville tonight on three special I. & C. traction cars, according to word from that city, and the delegation will arrive here about six o'clock.

The first and second teams of the two schools will meet tonight in their annual clash, and this contest is always one of the biggest affairs for each team. Coach Jones has his Scarlet players in fine trim, and he expects to chalk up a victory with the second and first teams.

Connersville was allotted 150 tickets, upon promise that when Rushville plays in that city in January, that they would reserve that many for the local fans. The 150 tickets were sold in a hurry over there, and at least 100 more people from that city will come and line-up at the east door for admission with Rushville people. Only tickets will be taken at the west door.

The doors will open at 6:15 for the game tonight, and also for Saturday night, when the Milroy high school first and second teams will come here for a game. This contest also is expected to fill the gymnasium to capacity, as the locals will try hard to get revenge for the 21 to 20 defeat given them in the first game of the season.

I. U. BASKET TEAM IS GETTING IN BIG SHAPE

Seven Last Year's Players are Back in Line, Furnishing Good Material For Starter

FIRST GAME ON THURSDAY

Bloomington, Ind., Dec. 15—With seven letter men back from last year's basketball team, the Indiana University squad opened the season's schedule here Thursday night when the Indiana Central College quintet from Indianapolis ring up the curtain.

Capt. Bahr, forward, Crowe, guard, Coffey, center, Sanford, Sloate, Alldridge and ex-capt. Thomas are the "I" men who are trying out for places on the team. All these men have junior standing in the university except Thomas, who is playing his last year. Thomas, Sloate and Alldridge were on the varsity football squad and did not report for the net game until the gridiron season closed.

From last year's freshman squad, the coach will have Parker, all-state high school center who stands 6 feet 5 inches; Nykos, all-state forward; Harvey, center, and Yhores, a crack guard on the "rhinie" five last year.

George W. Lewis, ex-university of Wisconsin star, who has coached the team the past three seasons, gave up his work at the university last week after drilling the basketballers up to that time. Lewis quit to become associated with a factory firm here. The athletic board is now after a new coach and will have him here in time to take charge next Monday. Indiana's first conference game is with Wisconsin in here Jan. 6. Under rules of the "Big Ten" only 15 games are allowed each conference five.

AWARDED SWEATERS

Albert Ross Jinks, a graduate of the New Salem high school, and Ralph Hill, a graduate of Webb's school, have been awarded sweaters at the Hanover college, for their activities on the football squad during the past season. The sweaters are white with blue initials on them. They were chosen as substitutes for the first squad and participated in the game between Hanover College and the Indianapolis Pharmacy college.

DISPLAYS CHRISTMAS CARDS

Miss Mae Gray, daughter of Mrs. Flora Gray, formerly of this city, who is now attending college at Champaign, Illinois, has a display of hand colored Christmas cards at Hargrove and Mullins' drug store. Miss Gray has been taking art at several colleges for several years.

Pity Poor B. B. Magnates!

By HENRY L. FARRELL (United Press Sports Editor)

New York, Dec. 15—After their usual session of gas and oratory, the major league club owners can dig back in for the rest of the season and tune their ears for the music of the 1923 turnstile.

The magnates take themselves and their heavy sessions and conferences very seriously and it's well they do. Very few others are interested. As long as they leave the game alone they can't damage it very much.

Charles Ebbets, owner of the Brooklyn ball club, is to sail for Europe shortly and he won't be back until it is time to go to Florida for the late winter season. Tough life! Ebbets says the ball players are being paid so much money that the club owners cannot profit.

The only ball players away from home soil that can be recalled off-hand are the major-leaguers touring the Orient and the Japanese government is paying their expenses.

Because of some dispute over European middleweight and bantamweight championships, the British Board of Boxing Control has withdrawn from the International Boxing Union.

France resented the withdrawal on the grounds that even with the support of the United States the Union could not function without the British.

America's entry into the union could not help the international body, according to one of the London States cannot govern boxing in her

papers, which added—"The United own land. How could she then be expected to introduce order and harmony into the continental sphere?"

While the United States might not be able to produce harmony in Europe, yet it's a cinch that Uncle Sam could produce some order in any disputes about championships. All the trusty Uncle would have to do would be to send some good boy over and let him knock out both of the debaters and restore order.

Some cold night this winter, figure this out:

Syracuse beat Nebraska, Nebraska beat Notre Dame, Notre Dame beat Georgia Tech, Navy beat Georgia Tech, Pennsylvania beat the Navy, Pittsburgh beat Pennsylvania, Lafayette beat Pittsburgh, Washington and Jefferson beat Lafayette, Detroit beat Washington and Jefferson, Springfield beat Detroit, West Point beat Springfield, Notre Dame tied the Army, the Army tied Yale, Yale lost to Iowa, Princeton and Harvard. What does that make Columbia and who won the series?

Gene Tunney, former American light heavyweight title holder and the champion of the A. E. F., seems to be developing a fighting spirit. That's all he needs to reach the top. While his courage was never questioned, in the early part of his career he did not seem to possess the instinct or the desire to finish any opponent. Tunney probably will never get any heavier than a cruiser, or he would be a dangerous man for Dempsey some day in the future.

Notre Dame went through a sche-

dule this year that was arranged last year when the South Bend university expected to have one of the greatest teams of all times this season. Most of the stars went out on an "outlaw" expedition and Notre Dame came out of it with a whole of a schedule and a minnow of a team.

Considering the material he had and the short time to develop it Knute Rookne did wonders in putting out an eleven that lost only one game to the champion team of the Missouri Valley conference, held the greatest Army team of years to a scoreless tie, beat Georgia Tech, Indiana, Butler and Carnegie Tech and had its goal line crossed only once. That team was composed almost entirely of sophomores. It might be a good team in 1924 with two more years under the belts of the youngsters.

ARLINGTON VICTOR IN A CLOSE ROUGH GAME

Athletic Club Defeats Shelbyville Commercials Thursday Night at Arlington, 29 to 27

NECK AND NECK ALL THE WAY

The Arlington Athletic clubs' basketball team defeated the Shelbyville Commercials at Arlington Thursday evening, 29 to 27, in a close and hard fought game, and the Junior A. C.s won from the Rushville Shamrocks in a curtain raiser, 33 to 6.

The main attraction of the evening was neck and neck all the way, the first half ending 11 to 9 in favor of Arlington. The game was tied at 27 all with one minute to go when Beasley caged a goal just before the gun went off and sewed up the contest for the Arlington aggregation.

The game was rougher than usual, the visitors starting in very rough. Tillison of Arlington showed a lot of class, scoring seven field goals, and Harley of Shelbyville was the visitor's best bet, making most of their points. It was a well earned victory for Arlington as great rivalry exists between the two teams. It was the third straight win for the A. C.s.

The opener was the cleanest game of the two. The Shamrocks did not make a field goal, scoring all of their points on foul goals, but the contest was closer than the score indicated. The Shamrocks fought hard all the way.

Arlington will meet the Fairview Independents at Arlington next Thursday night.

LAST PERFORMANCE GIVEN

"The Fire Prince" Heard By Another Appreciative Audience

The second and last performance of "The Fire Prince" was given Thursday evening before an appreciative audience at the Graham Annex auditorium. The amount that was cleared for the music department of the Rushville public schools could not be determined today as all of the expenses were not known.

Miss Marian Lucas, as Rosa, daughter of the Spanish ambassador, made a splendid impression again last night, both with her singing and acting, and the other leading parts were also well presented by members of the boys' and girls' high school glee clubs, who gave the operetta.

MAN AND WOMAN HELD IN PROBE

der mystery of Honey Creek farm. Little Billy Huffstickle, the child victim of the double slaying who was shut in the death house five days and five nights without heat, with very little water and sharing a piece of apple pie and a glass of jelly with his poodle dog, was recovering from the tortures he endured with his childish faith, not knowing what had transpired. It was Billy who first implicated a woman in the case and any one arrested may be brought before him for identification. He told his mother here of a woman being in the house after the murder. Billy was a nephew of Mrs. Shaffer.

HOUSE FILLED WITH SMOKE

Fire Department Called to D. H. Dean Home—No Damage Results

The fire department was called Thursday night shortly after nine o'clock to the residence of Dr. D. H. Dean, 515 North Main street, but no damage resulted. A box, which was placed near the furnace in the basement, was on fire, and filled the house with smoke. In order to be on the safe side, it is always best to notify the department in such cases, as a serious fire may often be averted if investigated early, firemen say. The run last night was the second one for the day, as a defective flue had called the department in the morning to the residence of W. C. Ketchum, 806 North Sexton street.

DIE AT HANDS OF UNKNOWN ASSASSIN

Mrs. Anna Cataldo, 30, And Fred, 9, Stabbed To Death At Coney Island Home Early Today

HOUSE THEN SET ON FIRE

(By United Press)
New York Dec. 15.—Mrs. Anna Cataldo, 30, and her son Fred, 9, were murdered at their Stilwell home, Coney Island early today by unknown assassin or assassins who stabbed them to death and then set fire to the house, according to police reports. Bodies of the two were discovered on the kitchen floor when firemen answering an alarm found the place enveloped in flames.
Gas from jets, that apparently been purposely opened by a fiend, fed the fire. The room was in disorder as though the woman had put up a desperate battle for her life and that of her small son.
Police who immediately started investigation declared they possessed "important clues."

100 WAYS To Make Money

By BILLY WINNER

If I Had Some Scraps—
I MEAN pieces and ends of cloth, silk, gingham, velvet, and kind of cloth—such as many women have stored away in a box or bag.
I would make money out of these odds and ends by sewing them into doll dresses which I would sell through The Daily Republican Want Ads. I know these could be sold because one woman HAS done this very thing. If one woman can sell doll dresses by means of Want Ads, and make a nice profit (over \$50), other women can do the same thing.
I would look around for my scraps right away so I could get busy without delay. I would insert my Want Ad in The Daily Republican early, too, so that inquiries would be coming in by the time I finished the first dress.

AMUSEMENTS

Big Cast At Mystic

There are many beautiful girls in "The Isle of Love," which is being shown at the Mystic today as in the average Mack Sennett comedy—and that's saying something. Moreover it might be remarked that the girls in "The Isle of Love" are just as pretty and just as well (?) dressed as are the Mack Sennett beauties. But the bathing girls are only an incident, "The Isle of Love," which co-stars Julian Eltinge and Rodolph Valentino is a melange of romance, melodrama, and satire which fairly makes one's head swim. The titles are loaded with laughs from the first to the last. Both Eltinge and Valentino do the things the public has every right to expect them to do. Eltinge wears both pants and petticoats and Valentino makes love in splendid fashion.

Alice Brady At Princess

Alice Brady fills six different jobs in her latest Paramount production, "Anna Ascends," which will be shown at the Princess today and Saturday. In this picture Miss Brady is seen as a waitress in a New York coffee house, a factory girl, a shop girl, a printers apprentice, stenographer and an author.

The popular star of stage and

screen, is quite a capable person, and it was not that she was fired from the jobs one after another which accounted for her versatile employment. There was an unscrupulous Russian baron after her, who might have done her bodily injury. She was forced to use a knife on the baron. He didn't like this because it put him out of running for awhile in the plot to smuggle a shipment of Russian Royalist jewels into the U. S. A.

Anna Ayyob, the Syrian girl played by Miss Brady, finds her various jobs very interesting. As a waitress she encounters romance, for she meets the man with whom she falls in love and becomes involved in exciting adventure resulting from the plot of the smugglers. It is because of this that she is obliged to find successive jobs in order to keep hidden from the baron and his companions. Then too she has quite a job foiling the baron in his efforts to win the sister of her lover.

There are several important parts in this picture, and it was necessary to secure such players as Robert Ellis David Powell and Nita Naldi. With such an array as this, the remainder of the cast has been chosen accordingly, which speaks for the quality of the production.

SAYS GERMANY IS NEAR A COLLAPSE

Premier Bonar Law in Speech Declares That Allies Must be Careful With Demands for Money

MIGHT CAUSE COMPLETE FALL

London, Dec. 15.—The standard of living for a generation would be lowered if Germany cancelled reparations and allied debts due her and simultaneously paid the United States, Premier Bonar Law declared in the house of commons Thursday.

In a statement to the house on reparations, the premier declared Germany is near complete collapse and that the allies must be careful that their demands do not precipitate a crash.

Bonar Law urged caution as far as occupation of the Ruhr was concerned.

"We can not look upon any action, the effect of which will not produce reparations, but make it more difficult, even impossible, to obtain them," he said.

He declared there was no hope of solution unless France and England acted together. The premier declared it was impossible for England to pay the United States if reparations and allied debt to Great Britain were to be cancelled.

GIVES REASONS FOR BIG DIVIDEND SPLIT

Standard Oil Company President Gives Testimony On The Subject Before Senate Committee

CAPITAL WAS NOT SUFFICIENT

By PAUL R. MALLON
(U. P. Staff Correspondent)

Washington, Dec. 15.—Defense of the big Mellon cutting by the Standard Oil Company of New Jersey was made before the senate committee investigating gasoline prices, by Wm. Teagle, president of the company.

Teagle testified the declaration of huge dividends on three separate occasions.

1—An equalization of the outstanding stock with the net value of the company was necessary because Standard Oil "always has been under capitalized."

2—It was practical to effect a wider distribution of the common stock while the market value of the shares was high.

3—An increase in the outstanding stock was necessary to enable the company to complete further financing.

Teagle said these were the "sole considerations" which tempted the move.

PISTON RINGS Perfect Regulation-- Positive Lubrication

THE PERFECT CIRCLE Oil Regulating Piston Ring has an annular groove turned on the face of the ring, midway between the edges. At equal intervals in this groove, slots are milled through to the inner surface of the ring. The groove, which is turned on the surface, collects the oil from the cylinder wall and, as the groove fills, the surplus is drained away through the slots. The oil that is thus collected behind the ring is drained back into the crank case by means of holes drilled through the inner wall of the ring groove. The superiority of the PERFECT CIRCLE Oil-Regulating Ring is due to its double function. First, it regulates lubrication by returning surplus oil to the crank case. Second, it provides positive lubrication of the cylinder wall. The use of PERFECT CIRCLE Oil-Regulating Rings reduces oil consumption to a minimum, thereby eliminating the evil of fouled spark plugs and carbon deposits. Only one Oil-Regulating Ring is used to a piston.

AUTO THEFT RING IS FOUND NEAR BRAZIL

Three Men Will Stand Trial As Result of Finding Stolen Engines Buried On A Farm

CONFESSION LEADS TO ARREST

Brazil, Ind. Dec. 15.—Officials here believed today they had broken an automobile theft ring with the arrest of Elmer and Myron Meyers, of Patrickburg, and Zekial Padgett, of near Terr Haute.

The three men were arrested six weeks ago and released on \$1,000 bond each after the officers found an automobile in their possession, the body of which was said to have been stolen from Elza Light of near Gas City. Light was unable to identify the engine and the case against the three men was about to be dropped for lack of evidence when officers are said to have procured a confession from Samuel Holmes, 15, a nephew of Padgett which enabled them to unearth two automobile engines buried on a farm near St. Marys.

The engines were said to belong to Elza Light and Rose Leachman of near Clay City, stolen some time ago.

As a result of the discovery, the three men will be placed on trial in circuit court here December 27.

SELL FARM PRODUCTS IS CHRISTIE'S PLEA

Purdue Expert Says Indiana Products Should Be Sold For Cash, Making Wide Distribution

CITES WESTERN EXAMPLE

Plymouth, Ind., Dec. 15.—Indiana farm products must be advertised and sold for money, Professor G. I. Christie, director of the agriculture experiment station at Purdue University, declared at the Northern Indiana Community Conference here.

"Business men must assist in advertising. 'This is what I learned on my trip to California. Get the money into the community. It will then flow through stores, banks and other institutions, while the community will prosper."

"The farm bureau should be developed and should have the support of all the people. Prosperous agriculture means better towns, churches and community life."

George H. Mosser, secretary of the Indiana State Chamber of Commerce speaking this afternoon, declared that business men must study the needs of the farmer and meet them, "not only in dollars but in the human element in their relations."

CHICAGO PLANS NEW RIGID HEALTH LAW

Embodies Penitentiary Sentence For Persons Who Wilfully Spreads Contagious Disease

FOOD LAW IS INCLUDED

Chicago, Dec. 15.—One of the most sweeping health laws in the country was prepared by the Chicago health department today for submission to the next session of the state legislature.

The proposed law will send to penitentiary any person who "knowingly or wilfully communicates a disease" to another person.

Health Commissioner Charles E. Bundeson declared the law would mark a new era in disease control.

It is aimed primarily at so-called "carriers" who communicate disease to others who refuse to obey quarantine orders of the health department.

Bundeson said it would also apply to restaurant proprietors who serve tainted food which causes potomaine poisoning.
